

**First Name** (required)

**Last Name** (required)

**Position** (required)

**Email address only** (required)

**University or Research Institution or Affiliated Organization** (required)

**Department** (required)

**Street Address** (required)

**City** (required)

**State** (required)

**Country** (required)

**Postal Code** (required)

**Purpose of Use** (required)

You can only use the IBM Research Diversity in Faces dataset ("IBM Research DiF

Dataset”) for research purposes. If granted access, we expect that your use of the IBM Research DiF Dataset is treated with the highest standard of care, including in line with best practice ethical, data security and data privacy standards.

Please clearly explain your research purpose, specifying how you plan to use the IBM Research DiF Dataset for your research in advancing the study of diversity in faces as it relates to fairness and accuracy in face analytics research s. If you intend to use the IBM Research DiF Dataset for any other research purposes, please explain.

**Web Page, Google Scholar page or dlbp** (required)

**List of your past publications related to the intended use of the IBM Research DiF Dataset**

**Confirmation that you will securely delete the IBM Research DiF Dataset upon the end of your usage of it**

Yes [ ]

**Confirmation that you will not disclose or share the IBM Research DiF Dataset with any other third party**

Yes [ ]

**Please confirm whether you agree to share a copy of any manuscript / academic papers describing use of the IBM Research DiF Dataset?**

Yes [ ]      No [ ]

**Confirmation that you have read and agreed to the IBM Research DiF Dataset Terms of Use [\[TERMS OF USE\]](#)**

Yes [ ]
